

CENTURI

Seminar Series

Calendar

January - June
2019

January

January 14 - External seminar: Marcelo Nollmann (CBS Montpellier, France) - Imaging nuclear organisation at the nanoscale

January 28 - Internal seminar: Sophie Brasselet (Institut Fresnel, Marseille, France) - Structural imaging in cells and tissues by polarized fluorescence and nonlinear microscopy

February

February 04 - External seminar: Vincent Calvez (ENS Lyon, France) - TBA

February 25 - Internal seminar: Matthias Merkel (CPT, Marseille, France) - TBA

March

March 04 - External seminar: Ulrike Feudel (Carl von Ossietzky Universität, Odenburg, Germany) - TBA

March 18 - Internal seminar: Paul Villoutreix (LIS, Marseille, France) - TBA

April

April 01 - External seminar: Arezki Boudaoud (ENS Lyon, France) - Variability and robustness in morphogenesis

April 15 - Internal seminar: Jean-François Rupprecht (CPT, Marseille, France) - TBA

April 29 - External seminar: Claire Wyart (ICM, Paris, France) - Investigation of interoceptive sensory pathways involved in physiology of the spinal cord and organogenesis

May

May 13 - External seminar: Georges Debregas (UMPMC, Paris, France) - TBA

June

TBA - Internal seminar: Herve Rouault (CPT, Marseille, France) - TBA

June 24 - External seminar: Atef Asnacios (Université Paris Diderot, France) - TBA
