

TITLE OF THE INTERNSHIP: Intern - Visual Communication and Social Media

DURATION AND AVAILABLE DATES FOR THE INTERNSHIP: 6 months – earlier January 2024

SHORT DESCRIPTION OF THE HOST TEAM

The Turing Centre for Living Systems (CENTURI) is an interdisciplinary center that aims at deciphering the complexity of biological systems and federates researchers from 20 different research institutes in biology, physics, mathematics, computer science and engineering. Our mission is developing an integrated interdisciplinary community, to decipher the complexity of biological systems by understanding how biological function emerges from the organization and dynamics of living systems.

We are currently looking for an intern to join our governance team (5 people) and helps us boosting our professional image and keeping updated the scientific network on our activities and initiatives.

You will get the opportunity to participate in exciting projects on content creation and community-building. This role is in support of our Communication Manager's main tasks and duties and under the supervision of our Steering & Administrative Manager. You will be based in our office at Campus Luminy in Marseille.

DESCRIPTION OF THE INTERNSHIP PROJECT:

- Create visually engaging contents (posters, flyers, booklets) and other promotional materials for our events, calls and trainings.
 - Ensure consistency and adherence to the institute's brand guidelines in all visual communication.
 - Produce high-quality graphics and designs using Adobe Creative Suite (Photoshop, Illustrator, InDesign)
 - Assist the communication manager in managing and creating content for our social media platforms, including X (former Twitter) and LinkedIn.
 - Work closely with the governance team to design materials that enhance the overall experience of institute events.
 - Support the governance team with the organization of internal and external events (afterworks, training, seminars, conferences)
 - Developing communication about the new activities we do, strengthen the sense of belonging to our community and engagement
-

CANDIDATE PROFILE:

- Student in last year of Master or equivalent in Graphic Design, Visual Communication, or a related field, preferably M2.
- Proficient in Adobe Creative Suite, with a strong emphasis on Photoshop, Illustrator, and InDesign.
- Excellent (written and oral) communication skills in English are required. Knowledge of French is appreciated.
- Knowledge about different social media platforms
- Creative with excellent interpersonal and communication skills, and curious
- Have a high degree of autonomy
- Good team player
- Interest in life science
- Proactive, strength of proposal and result oriented
- Comfortable in working within a multi-cultural environment

WHAT WE OFFER:

CENTURI offers a vibrant, highly interactive working environment with the ability to work with researchers and engineers from many disciplines (biology, physics, mathematics and computer science).

CENTURI offers an agreement and a paid internship according to French Law: as of 2024, the legally required compensation for an internship in France is €4.35 per hour.

You will have a 35-hour work week.

The intern will also receive a partial refund of public transport costs.

Join us and you will gain a valuable experience in your field of study, we will help you acquire and develop professional skills that can be applied to any job in your future career.

HOW TO APPLY:

If interested, please contact us via info@centuri-livingsystems.org . Applications should include:

- Your resume/CV (in English only)
- Your Cover letter

Expected start date: January 2024
