

Learn to have an Individual Fellowship Part 1

training provided by

CENTURI

TURING CENTRE
FOR LIVING SYSTEMS

The training «Learn to have an Individual fellowship» is organized in two parts.
The Part 1 will be held on January 26.

The whole training will take place in the Hexagone Auditorium.

It is a half-day session providing an overview of individual fellowships, the key knowledge required to prepare an application, and the different types of available funding. It will also include discussions with post-doctoral researchers and researchers sharing their own experience, choices, successes, failures and advice to get an individual fellowship during their academic career. This session is intended for PhD students at any stage, as well as for post-doctoral researchers.

09:00	General Presentation of an Individual Fellowship: eligibility criteria, calendar, prerequisites, global recommendations.
-	
10:00	<i>With Félix Rico, Julia Schaeffer, Bianca Habermann</i>
10:00	Round table: testimonials & advice on different fellowships, career paths, choosing a fellowship. Focus on mobility.
-	
11:00	<i>With Léo Guignard, Youmna Atieh, Soichi Hirokawa, Miquel Sendra Ortola, Claire Valotteau</i>
11:00	
-	
11:30	Coffee Break and informal discussions

The second part of the training «Learn to Have an Individual Fellowship» will be scheduled in May/June. The exact date is still to be determined. More details will be available later.
